

National Summary of the Areas identified in the Flood Risk Management Plans

List of 29 Flood Risk Management Plans by River Basin:

River Basin Reference	River Basin Name (<i>variations</i>)
01	North Western
06	Neagh Bann
07	Boyne
08	Nanny - Delvin
09	Liffey & Dublin Bay (<i>Liffey</i>)
10	Avoca - Vartry
11	Owenvorragh (<i>Owenvorragh and Blackwater</i>)
12	Slaney & Wexford Harbour (<i>Slaney</i>)
13	Ballyteigue - Bannow
14	Barrow
15	Nore
16	Suir
17	Colligan – Mahon (<i>Waterford South Coast</i>)
18	Blackwater (Munster) (<i>Munster Blackwater</i>)
19	Lee, Cork Harbour & Youghal Bay
20	Bandon - Ilen
21	Dunmanus - Bantry - Kenmare
22	Laune - Maine - Dingle Bay
23	Tralee Bay - Feale
24	Shannon Estuary South
25/26	Shannon Upper & Lower
27/28	Shannon Estuary North & Mal Bay
29	Galway Bay South East
30	Corrib
31	Galway Bay North
32/33	Erriff - Clew Bay - Blacksod - Broadhaven
34	Moy & Killala Bay
35	Sligo Bay & Drowse (<i>Drowes</i>)
36	Erne

Summary of the Outputs for Areas identified in the Flood Risk Management Plans:

The CFRAM Programme studied the flood risk for 300 areas or communities and concluded that it is possible to provide protection through flood relief schemes to approximately 95% of properties at risk within the assessed areas. The following table summarises the main outputs in respect of each of the 300 areas, with some areas identified under more than one category to address the risk identified.

AFA / AREA NAME	County	Plan Reference (River Basin)	Existing Scheme in Place	Scheme in Construction, Design or Pending	New Scheme Proposed in the Plans	Potential Scheme subject to further assessment.	No Scheme Proposed as Community at Low Risk or Scheme Not Viable*

* A proposed structural flood relief scheme for these areas is not deemed to be viable at this time. This will be kept under review into the future. The Plans set out other non-structural measures and initiatives either already in place or proposed to benefit these areas and all at risk communities such as planning guidelines, flood forecasting and emergency response.

Note: Outputs exclude works carried out under the Minor Flood Mitigation Works and Coastal Protection Scheme. A full list of these works is available at www.opw.ie. This scheme continues to be available to Local Authorities to address localised flooding.

Other Areas:

In addition to the 300 areas that were the focus of the CFRAM Programme, a small number of other areas were also assessed through four pilot CFRAM programmes, or have rural or small flood relief schemes already in place or in progress. These other areas have been referenced in the Flood Risk Management Plans and the main outputs for these are summarised below.

AREA NAME	County	Plan Reference (River Basin)	Existing Scheme in Place	Scheme in Construction, Design or Pending	New Scheme Proposed in the Plans	Potential Scheme subject to further assessment.	No Scheme Proposed as Community at Low Risk or Scheme Not Viable
