Meeting Minutes:

1. VEP’s to be reviewed by ECOW and if necessary, referred to EMG. VEP’s get sent to Arup as they are the ER and PSDP.
2. VEP001 - EMG requested a change on wording of the conclusion. “Impact of this effect already assessed in EIA this does not constitute a variation to the Consent”.
3. Circus Field - is the exclusion zone due to the welfare units or the human activity at the site? SG to query with Ross Macklin. Contractors’ ecologist needs to make comment on the site compound also, to confirm they are satisfied with the layout.
4. Derogation licences - EMG/OPW/CCiC/CCoC require copies of all these for our records.
5. CEMP Rev2 - SG had trouble downloading the document but added comments to the on-line version. GW to notify Arup once all comments added.
