Glashaboy Flood Relief Scheme Public Information Clinics

UPDATE - January 2026

As the majority of the Glashaboy Flood Relief Scheme is now substantially completed the monthly public information clinics will no longer be held.

Members of the public can still meet with representatives from both the Contractor and the Employer by calling into the main offices located in the Circus Field compound during normal working hours.

The dedicated webpage is also still active and provides updates to the public throughout the duration of the scheme. This can be found at <https://www.floodinfo.ie/frs/en/glashaboy/home/> and will continue to be updated regularly. We look forward to your continued cooperation during the close out period of this contract.
