Apologies			

Meeting Minutes:

1. Monthly Environmental Audit reports:
 - Monthly Reports for October and November were accepted by the EMG.
 - Comments on the monthly reports for December and January were sent to the ECoW.
 - Monthly report for February 2025 was received and currently being reviewed.
2. Contamination event in Sallybrook - updated mitigation report received from Arup and generally accepted, Arup to be asked can report be updated to include hydrocarbon monitoring now in place at intake of water treatment plant.
3. CEMP – No update from SCE.
4. Fish-pass at Bleach Hill – OPW currently engaging with consultant to prepare drawings.
5. Archaeology – Descoping proposals for 2025 accepted by AMS.
6. VEP017 – ECoW prepared memo on change of construction type from RC to sheet-pile. The sheet-pile option will be quicker and less invasive. GW to circulate sign-off sheet to EMG.
7. Riverbed reinstatement at Brooklodge/CVV. IFI input needed to agree final design and layout. Sorensen ECoW to be asked to engage IFI to expedite this work.
8. Biodiversity plan –The possible options and measures presented at the Biodiversity meeting were discussed and considered. OPW considering budget to be available. A proposal may need to be made to OPW outlining items and quantities to be included.

Next EMG meeting: Thursday 24th April @ 1000
