

Ramelton Flood Relief Scheme

Public Participation Event

From 4:00pm to 8:00pm on Wednesday 21st June 2023

at Town Hall, Ramelton

Purpose of this Public Participation Event

This is a second public engagement event for the project. An initial public engagement event to get the views of the people, businesses and stakeholders was held in September 2021. The feedback from that event has informed the assessment and development of the scheme to-date.

The purpose of this public participation event is to present the findings of the assessments undertaken to date, to outline the available flood protection measures and options being considered to alleviate flooding and to obtain the views of the public and stakeholders on those options.

Draft Coastal Flood Extent

Your Feedback is Important

This is your opportunity to take part at the early stages of the planning of the Ramelton Flood Relief Scheme. Donegal County Council and the Office of Public Works wishes to consider all viewpoints in relation to the flood relief measures being considered. Time spent communicating your views to the project team is appreciated.

See also the project website: <https://www.floodinfo.ie/frs/en/ramelton/home/> where the Event documentation will be available from 21st June 2023.

The general public and all interested parties are invited to give their opinions on the Scheme. Please examine the possible flood protection measures presented at the event and let your views be known by 21st July 2023.

All queries and comments in relation to this project can sent to either of the following:
