

**Glashaboy Flood Relief Scheme
Environment Monitoring Group Meeting #12**

Project	Glashaboy Flood Relief Scheme		
Location	Various – TEAMS meeting	Date	01 st Sept 2023
Attendance	Conor O’Leary CCiC Niamh O’Callaghan CCiC Graham Whittaker CCoC Sinead Gavin OPW		
Apologies			

Meeting Minutes:

1. VEP001 - The memo GFRS-23-002 received from Flynn Furney was discussed and accepted by the EMG.
2. The Memo relating the Circus field compound (GPRS-23-001) was noted, but as it is incomplete was not discussed (awaiting further details on levels and flood flows).
3. A further VEP on the burial of Japanese Knotweed is expected be formally submitted by the contractor. CCiC are pre-empting this by querying with planners and parks depts as to whether the Circus field is a feasible location.
4. CEMP - the updated documents have not been received yet from Arup.
5. Environmental Audit Reports - Contractor submitted report today to site team. ECOW needs to review and submit their own report to EMG (include contractor report as appendix).
6. EMG will request the ER ask the contractor for a full list of their environment team (organogram)
7. Glashaboy Scheme Website – Discussion about what information need to be or should be put on the website.
 - a. Schedule of Mitigation.
 - b. CEMP pending submission and acceptance by EMG.
 - c. Environment Audits.
8. Biodiversity Plan - What can be included in plan, who does it, when and costs? The ECOW is to be approached to discuss if they have scope to prepare plan. ECOW may have time to allocate to this outside the instream works windows.
9. Fish Pass at Bleech Hill stream - EMG meeting IFI next week to progress a solution. Will planning be required (IFI normally are exempt)? Has there been any discussion with the landowner in relation to this?
10. Archaeology - Currently slit trenching and recording of the old mill at Springmount is underway. Flood works currently stopped here as a result. Once the contractor archaeologist submits report to AMS, works may be allowed to proceed.

Next EMG meeting Thursday 14th September at 11:30
