

DUNDALK FLOOD RELIEF SCHEME

Blackrock Emerging Flood Relief Options

Public Participation Day

26th March 2026 11.00 am - 7.00 pm

Blackrock Suite, Fairways Hotel (A91 E6KC)

Louth County Council invites you to a Public Participation Day to present the high-level, emerging flood relief options for Blackrock. We wish to gather your views and ensure the community has a meaningful role in shaping any future flood protection for Blackrock.

At the event, participants will be able to:

- . View each high-level, shortlisted option,
- . See the constraints and opportunities,
- . Speak directly with project team members, and
- . Share your views by completing a questionnaire.

Your participation is valued and will support the decision-making process in selecting a Preferred Flood Relief Option.

If you cannot attend on the day, the display information and questionnaire will be available on-line at the project website— www.floodinfo.ie/dundalkfrs

For any queries you may have about the scheme, the Project Team can be contacted at: DundalkArdeeFRS@nodwyer.com
