

Scheme Objectives  
and Overview

Board  
01

Viable, Cost-effective  
and Sustainable Flood  
Relief Scheme

Cork County Council has commissioned Arup to assess and develop a viable, cost-effective and sustainable Flood Relief Scheme.

The Project Team includes Cork County Council (CCC), the Office of Public Works (OPW) and Arup (Consulting Engineers). Shown is an indicative flow chart outlining the process from inception through to construction for the Flood Relief Scheme.

Indicative Timeline

Public Consultation

The purpose of this Public Participation Day (PPD) is to:

- Provide an update on progress to date
- Provide information and an opportunity to comment on the Emerging Preferred Option
- Obtain other information relevant to the Scheme
- Outline the next steps of the Scheme

Members of the project team are present today to answer any questions you have, or take note of any relevant information. A questionnaire is available for you to complete and return with your comments (see adjacent QR code), or please email us at [midletonfrs@arup.com](mailto:midletonfrs@arup.com).

Following this public consultation day, your feedback on the emerging preferred option will be considered and incorporated into the final scheme design.

Please follow the QR link for the online questionnaire
