

# River Dodder Flood Alleviation Scheme Phase 3

## Stakeholder and Public Participation Event

From 2pm to 8pm on 18<sup>th</sup> June 2025 At Dropping Well Pub, Classon's Bridge, Milltown

### **Purpose of the Public Participation Event**

This is a third public engagement event for the project. An initial public engagement event to get the views of the people, businesses and stakeholders was held in January 2020. The second public engagement event, outlining various potential flood risk management measures was held in June 2023.

The feedback from past events has informed the assessment and development of the scheme and the purpose of this public engagement event is to present the findings of the assessment undertaken, to outline the proposed flood protection measures being developed to alleviate flooding and to obtain the views of the public and stakeholders.

## Your Feedback is Important

This is your opportunity to take part at the pre-planning stage of the River Dodder Phase 3 Flood Alleviation Scheme. Dublin City Council, Dun Laoghaire-Rathdown County Council and the Office of Public Works wishes to consider all viewpoints in relation to the proposed flood protection measures.

Time spent communicating your views to the project team is appreciated.

The general public and all interested parties are invited to give their opinions on the study area. Please examine the proposed flood protection measures presented at the event and let your views be known by Wednesday 25<sup>th</sup> June 2025.

All completed questionnaires, queries and comments in relation to this project can sent to either of the following.
