Office of Public Works

Comhairle Chontae Uíbh Fhailí
Offaly County Council

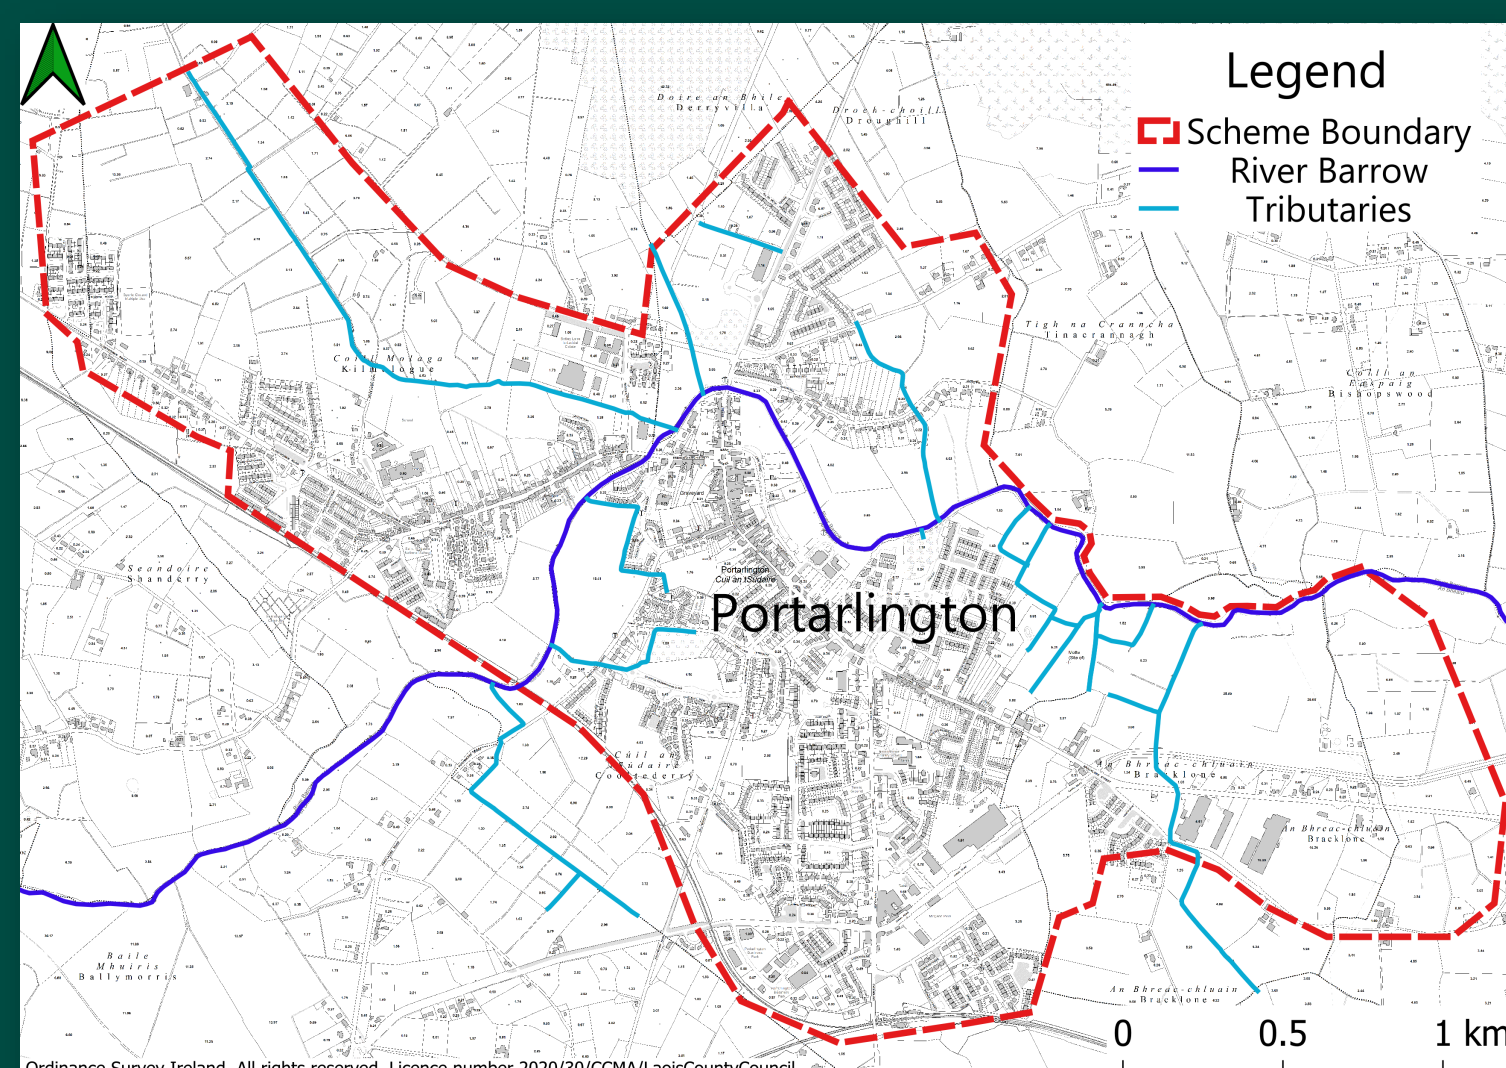

Laois County Council
Áras an Chontae, Portlaoise, Co. Laois

Residents, businesses and all interested parties are invited to attend a Public Consultation Day where the Preferred Flood Relief Option for the Community of Portarlington will be presented.

BACKGROUND TO THE STUDY

Portarlington is at risk of flooding, with numerous properties and businesses currently at risk from the River Barrow and its tributaries. Binnies UK and Nicolas O'Dwyer Joint Venture have been commissioned to develop the Portarlington Flood Relief Scheme working on behalf of Laois County Council and in partnership with Offaly County Council and the Office of Public Works.

The Project Team hosted two public consultation events in the past. The last Public Consultation Day was held in November 2022, where two emerging flood relief options were presented.

Since then, we identified and designed the preferred option of a Scheme which will alleviate the risk of flooding in the Community of Portarlington for the 1% AEP (1 in 100-year return period) fluvial flood event and will be socially, environmentally and economically acceptable.

YOUR OPPORTUNITY TO TAKE PART

This Public Consultation Event provides the opportunity to discuss the measures which form the preferred option for the Portarlington Flood Relief Scheme. Members of the project teams from Laois County Council, the Office of Public Works, Binnies and Nicolas O'Dwyer, will be present on the day.

- A questionnaire will be available for you on the day to express your viewpoints
- Can't make it? - if you cannot join us on the day a copy of the questionnaire will be available on the website as well as supporting maps and information
- Closing date for consultations and questionnaire submissions is on 12th January 2024
- Your feedback during this event will support the development of the Scheme before commencing subsequent activities of Stage II—Planning.

TIMELINE OF SCHEME PROGRAMME

ACTIVITY	2020	2021	2022	2023	2024	2025	2026	2027	2028	2029
